

London 2010.

The stand at London 2010 proved to be a great success which far outstretched all expectations. The first two days can only be described as extremely busy whilst the remaining time had a constant flow of visitors.

When we decided to take a stand at this important International show we set ourselves several aims; to publicise the Society and Revenue collecting in general, to attract new members and to sell stock supplied by existing members.

We surpassed all expectations. There was much interest from people from all over the world. We were surprised at the variety of countries asked for. We were unable to supply material from only a few countries, Hawaii being one.

At the beginning of the show we had about 5,700 lots for sale including books and catalogues. Over the week we sold over 1,700 of these ranging in value from £5 to £2,000. We sold 100 books/catalogues. Barefoot's newest edition of 'UK Revenues' proving to be very popular.

Most importantly we signed up 58 new members at the stand with 26 coming from overseas representing 13 different countries.

We must take this opportunity of congratulating those members who entered the Revenue Class in the competitions and achieved high awards.

Finally thanks to all those members who made the event possible by either manning the stand or supplying material for sale.
